

ENGINE OVERVIEW

The 4B/3.9L Cummins is a popular engine used in step van applications including bread, snack, uniform, and other commercial delivery vehicles. This engine is also used in various industrial and construction applications.

Reviva utilizes torque plating methods for boring and honing to ensure block straightness, which reduces break-in time and crankcase pressure. In addition, Reviva uses OEM or equivalent pistons, rings, bearings, valves and gaskets, making sure that this engine will stand the test of time.

All Reviva engines are Assembled in the USA.

TO PLACE AN ORDER

Before calling to request price and availability, please gather the following information:

- The original engine serial number
- The original engine CPL number

REVIVA DYNO TEST

All of Reviva's Complete Drop-In engines are 100% dyno tested prior to shipment. Computer controls ensure that each engine dyno test is conducted under standard, repeatable settings. Every engine is run through a warm up cycle; three separate cruise segments simulating light, medium and heavy throttle conditions; maximum torque and horsepower tests; both high and low idle tests; and a black light leak detection test with dyed oil, coolant and fuel.

4B Complete Drop-In

COMPLETE DROP-IN INCLUDES:

- Block
- Rods
- Crank gear
- Piston assemblies
- Head
- Rear cover & seal
- Oil filter assembly
- Water pump
- Side cover/crankcase breather
- Valve train (lifters, pushrods & rocker arms)
- Lift pump
- Low & high pressure lines
- Fuel filter assembly
- Turbocharger
- Intake cover & connection
- Thermostat housing
- Oil pickup tube
- Air crossover tube if required
- Crankshaft
- Oil pump
- Cam gear
- Camshaft
- Front gear housing
- Oil cooler
- Valve cover(s)
- Gasket set
- Injection pump
- Injectors
- Damper pulley
- Thermostat
- Exhaust manifold
- Oil pan
- Gear cover & seal
